

Dear Club Members,

We have decided to hold a **Plant Sale** at
2 Lyndhurst Close, Burbage, LE10 2BX on
Sunday 19th September 2021 from **10:00am to 4:00pm**

to raise funds for the Club in lieu of our usual fundraising activities which have been suspended during the pandemic and also as a way of continuing to share our spare plants around as we normally do within our plant auction.

So if you have any plants that need a new home or you are considering splitting and dividing plants please could you donate a couple to the Club for us to sell on.

If you could label them that would be even better and say what colour any flowers will be as that would be great too.

Plants can be delivered on **Saturday 18th September** after **12 noon** if possible to enable us sort them out or just bring them on the day to the address above.

We are hoping we will have bought some Spring Bulbs by then and they will be on sale too.

Please tell your families and friends and bring them along to have a look.

We hope you are able to contribute and we look forward to meeting with you once again.

With best wishes, The BGC Committee
